

A CLINICAL RESEARCH STUDY FOR ADULTS WITH ACTIVE

PSORIATIC ARTHRITIS

IS NOW ENROLLING!

If you have active psoriatic arthritis, you may be interested to learn about a clinical research study that is being conducted to study the safety and effectiveness of an investigational medication for active psoriatic arthritis.

YOU MAY BE ELIGIBLE TO PARTICIPATE IF YOU:

- Are 18 years of age or older
- Have at least five swollen joints and five tender joints
- Have been diagnosed with psoriatic arthritis for at least six months and have psoriasis

Additional criteria will be reviewed at the screening visit to determine if your condition meets all requirements for the study.

If you are eligible, you will receive study-related medical care and study medication at no cost.
